COMPLEMENTARY COURSE SELECTION

Pick your top 6 choices, ranking them in order of preference below (1, 2, 3, 4, 5, 6). Choose thoughtfully - it may be difficult to change complementary courses at a later date, as space is often limited. Please note: only 8 classes total fit inside the regular timetable, course offerings are subject to change, and top choices are not guaranteed.

Important Reminders:

- On the previous page, if you selected:
 - Math 15 & 10C (French or English) → you must select Math 15 as your #1 option below
 - Math 10C (French or English) IB → you must select Math 20-1 (French or English) IB below
 - Science 10 IB → you may select either Biology 20 IB or Physics 20 IB below; Chem 20 IB is only available in grade 11
- If you are in partial IB, be sure that you have selected at least 2 IB courses between the front and/or back side of this page
- If you have done French as a Second Language or Spanish as a Second Language in the past, choose the 20 level language course
- To choose complementary IB courses below, you must be in an IB program and fill out the expression of interest form (exception: students with significant previous language experience may select a 20 level FSL or Spanish language IB course)
- Career & Technology Centre courses are available offsite - if interested, reach out to your guidance counsellor to discuss
- Courses marked with an asterisk (*) have a component that takes place outside of the regular timetable, before school
- If choosing Band or Band IB, please ensure it is listed as your #1 non-academic option

| CTS | Languages - No Experience Required | | Languages - Experience Required | |
|-------------------------------------|------------------------------------|--------------------------------------|---------------------------------|--|
| Business Intro IB | # | French (FSL) 10 | # | French (FSL) 20 |
